## Front-End Developer

### WORK EXPERIENCE

#### Graphics Designer

My graphic design portfolio demonstrates my proficiency with Illustrator and Photoshop. Skilled in Figma and essentials, I create visually appealing designs for both digital and physical media. Together, let's turn concepts into powerful designs that connect with users on a variety of platforms.

#### UI / UX Designer

A UX Designer with three years of experience specializing in usability design, user-centered design, prototyping, and design thinking. A proven track record of coordinating with cross-functional teams to create holistic user experiences.

#### Web Developer

My portfolio as a web page developer shows that I am proficient in JavaScript, HTML, CSS, and responsive layouts. As a proficient web developer with a focus on front-end programming, and best practices for search engine optimization, I can create dynamic and easy-to-use websites. Together, let's create user-friendly, aesthetically pleasing websites that improve user experiences and produce outcomes.
